SUMMARY

B.Tech student in Computer Science and Engineering (Artificial Intelligence) at G.H. Rasoni College of Engineering and Management, Pune, with hands-on experience in frontend and backend development using React, Node.js, JavaScript, HTML, and CSS. Proficient in REST API development and integration, relational databases (MySQL, SQL Server), and Git-based version control. Additionally skilled in data analysis and BI tools including Tableau, Power BI, and Python (Pandas, NumPy). Secured a position among the **top 5,000 out of 54,000+ registered participants** at the Economic Times Gen AI Hackathon (ongoing). Seeking a Trainee Engineer role to build scalable, client-facing web solutions and grow under world-class mentorship.

EDUCATION

G.H. Rasoni College of Engineering and Management <i>B.Tech in Computer Science and Engineering (Artificial Intelligence)</i> • CGPA: 8.83 / 10 (5th Semester)	Aug. 2023 – May 2027 Pune, India
Madhyamik Va Uchchha Madhyamik Vidyalaya <i>Class 12 – Maharashtra State Board (HSC)</i> • Percentage: 80.50%	2023 Jalgaon, Maharashtra
Indirabai Lalwani Madhyamik School <i>Class 10 – Maharashtra State Board (SSC)</i> • Percentage: 90.60%	2021 Jamner, Jalgaon, Maharashtra

SKILLS

Frontend : React.js, JavaScript (ES6+), HTML5, CSS3, Reusable Components, Responsive Design
Backend & APIs : Node.js, REST API Development & Integration, Spring Boot, Hibernate
Database : MySQL, SQL Server, Basic SQL Queries, Relational Database Design
Data & BI : Python (Pandas, NumPy), Tableau, Power BI, Microsoft Excel
AI / ML : Machine Learning, NLP, AI-driven Automation
Tools : Git, GitHub, VS Code, Jupyter Notebook, Postman, Java

PROJECTS

Campus Voice <i>React, Node.js, REST API, Java, Spring Boot, Hibernate, SQL, HTML, CSS, JS</i> GitHub	2026
• Built a full-stack web application with a React frontend and Node.js/Spring Boot backend to manage and track campus complaints end-to-end • Developed and integrated REST APIs to enable structured data flow between frontend components and backend services across student and admin roles • Designed reusable, scalable UI components in React for complaint submission, status tracking, and admin dashboards • Designed a relational SQL database to store complaint records with role-based access control; implemented automated reporting and trend analysis for resolution tracking	
Netflix Data Analysis Dashboard <i>Python, Pandas, NumPy, Tableau, Power BI, Excel</i> GitHub	2026
• Analyzed a Kaggle dataset of 8,000+ Netflix titles to uncover content trends, genre distribution, and release patterns across regions • Performed data cleaning and preprocessing using Pandas and NumPy to handle missing values, remove duplicates, and standardize fields • Built interactive dashboards in Tableau and Power BI visualizing KPIs such as top genres, country-wise content share, and year-on-year growth	

- Used Excel pivot tables and charts for summary reporting of content distribution and viewer pattern analysis

Nyaay AI | *JavaScript, HTML, CSS, REST API, NLP* | [GitHub](#)

2026

- Developed the frontend interface using JavaScript, HTML, and CSS with clean, reusable components for document upload and result display
- Built and integrated REST APIs for real-time legal document ingestion and automated NLP-based text analysis pipeline
- Analyzed and improved frontend rendering performance to reduce load time and enhance user experience for non-English-speaking users

ACHIEVEMENTS

- Secured **top 5,000 out of 54,000+ registered participants** at the **Economic Times Gen AI Hackathon** (ongoing) – 2026
- Maintained a strong **CGPA of 8.83/10** across 5 semesters, reflecting consistent academic excellence

CERTIFICATIONS

- **Data Analytics Job Simulation** – Forage (Deloitte Australia) | 2025
- **Data Science Job Simulation** – Forage (BCG) | 2025
- **Introduction to Artificial Intelligence** – Google | 2026
- **Oracle Database for Developers** – Oracle | 2026

EXTRACURRICULARS

- **NSS Volunteer** – Participated in 7-day residential community service camps for two consecutive years (2025 & 2026)
- **Hackathons & Workshops** – Actively participated in national-level hackathons and attended technical workshops on AI, web development, and data analytics
